After learning about insects- choose two activities from below to complete each week. Upload your finished activity to SeeSaw. If you have any questions, please feel free to email me at aowens.bps@catoosak12.ga.us. I will check email daily.

1. Draw an insect of your choice. Label all of the parts of the insect.	2. Create a Venn Diagram. Compare and contrast insects and arachnids.	3. Create a poster (you can use copy paper) telling why a spider is NOT an insect.	<u>4. Roll an Insect</u> Using a dice, roll a: 1: add an abdomen 2. Add a head 3. Add a thorax 4. Add antennae 5. Add legs Color your insect and write 3 sentences about it.
5. Create a super insect. Give it the best stinger, wings, legs, body, etc. of each insect. Draw and write about your super insect.	6. Choose an insect to learn about. Take a picture of the insect and put it in ChatterPix and tell all about it.	7. Write 4 interesting insect facts.	8. Look around your house for "junk". Create an insect using what you find. Remember to put it on SeeSaw.
